ACROSS

- 6 The act of conserving something.
- 8 A large body of water which flows through the the Steve Irwin Wildlife Reserve.
- 11 Australia's second largest state.
- 12 A method of scientific examination and identification.
- 14 A series of organisms each dependant on the next as a source of food.
- 16 The Northern tip of Queensland.
- 17 A large black parrot found within the Steve Irwin Wildlife Reserve.
- 18 335,000 acres of protected land in Northern Queensland.
- 21 The detailed examination of something.
- 22 The tidal mouth of a river.

DOWN

- 2 Australia's largest reptile and the main subject of Australia Zoo's annual research trip.
- 3 One of the many ecosystems found on the Steve Irwin Wildlife Reserve.
- 9 An aluminium rich rock.
- 10 Non for profit organisation who's efforts support the protection of animals.
- 15 A device which monitors the three dimensional movements of a crocodile.
- 19 A biological community of interacting organisms and their physical environment.
- 20 A marsupial native to the Cape York region.

YOU NEED:

Scissors
Paper (20cm x 20cm)
You have parent permission when using scissors.

TRUE OR FALSE?

Frog-eating bats can differentiate between edible and poisonous frogs by their mating calls?

On average, how many young does a bat have?

- A. 1
- B. 4
- C. 8
- D. 10

Illian free-tailed bat is the fastest in the world. What speed have they recorded?

- A. 68m/h
- B. 99m/h
- C. 124m/h
- D. 155m/h

Wildlife Warriors have put together some of our favourite Crikey! Magazine activities for you to enjoy. If you love these activities as much as we do, don't forget to subscribe to Crikey! Magazine for new puzzles and other amazing animal related stories and pictures!

TEST YOUR ANIMAL KNOWLEDGE AND SEE IF YOU CAN ANSWER ALL OF THE QUESTIONS.

CROSSED WORDS!

ACROSS

- 3** Street crossings are named after me.
- 5** I can eat up to 50,000 ants in one night.
- 8** My roar can be heard from over 8km away.
- 10** My name means river horse.
- 12** Pumba from the Lion King.
- 13** A protective membrane covers my eyes under water.
- 15** I have the highest blood pressure of any animal.
- 16** The fastest animal on land, reaching speeds over 110km/h.
- 17** This is the largest hot desert in the world.
- 19** My tongue can be as long as my body.
- 20** Closely related to mongoose.

DOWN

- 1** A region of land defined by open plains of grassland.
- 2** My colour is determined by my diet.
- 4** I live in mobs.
- 6** I have larger ears than my relative from Asia.
- 7** Second largest African animal by size.
- 9** At my fastest I can reach speeds of over 70km/h.
- 11** I am covered in over 30,000 spiny quills.
- 14** Genetically mankind's closest living relative.
- 18** My most recognisable feature is usually my rear end.

In Japan, the Japanese Spider Crab is known as Takaashigani – what does this translate to?

- A. Spider Crustacean
- B. Tall-footed crab
- C. Crab of the deep
- D. Long-legged Crustacean

TEST YOUR WHALE TRIVIA!

1

Underwater, how far away can a Blue Whale be heard?

- A. 300km (186 miles)
- B. 550km (342 miles)
- C. 800km (487 miles)
- D. 1,100km (683 miles)

2

Sharks are actually only responsible on average for 10 deaths a year – do you know what animal is actually responsible for the most human related deaths each year?

- A. Hippopotamus
- B. Mosquitos
- C. Crocodile
- D. Bear

3

One of the longest animal's on the planet, how long can a Lion's Mane Jellyfish grow to be?

- A. 36.6 metres (120 ft)
- B. 42.7 metres (140 ft)
- C. 48.8 metres (160 ft)
- D. 54.9 metres (180 ft)

4

The Southern Elephant Seal can grow to weigh the same as how many humans (70kg)?

- A. 19
- B. 32
- C. 57 - over 4,000kgs
- D. 71

6

How many tentacles can a Lion's Mane Jellyfish have?

- A. 600
- B. 1,200
- C. 1,800
- D. 2,400

7

The amount of krill eaten by a blue Whale daily is equivalent to the weight of what animal?

- A. Elephant
- B. Horse
- C. Rhinoceros
- D. Giraffe

8

Approximately how many teeth do Whale Sharks have?

- A. None
- B. 30
- C. 300
- D. 3,000

9

A female Whale Shark can give birth to up to how many pups?

- A. 20
- B. 75
- C. 150
- D. 300

10

Blue whales are the heaviest animals on the planet and can weigh the same as how many sedan cars?

- A. 25
- B. 50
- C. 75
- D. 100-200 tonnes!

2

The Kitti's hog-nosed bat is nicknamed the 'Bumble Bee Bat'. Where does it get its nickname?

- A. It has a similar pattern to a bumble bee running down its abdomen
- B. It can hover above flowers like a bumble bee
- C. It is similar in size to an adult bumble bee
- D. All of the above

5

The Honduran white bat does what to protect its small colonies from the excessive rain?

- A. Shelters itself within existing cave networks
- B. Hollows out a tree trunk to make an artificial cave
- C. Creates a water-tight burrow in the ground
- D. Builds a tent out of self-cut leaves

8

TRUE OR FALSE?

The rate of seed production of the agave plant (which is used to make Tequila), drops to 1/3000th of its normal rate without bat pollination.

QUIZ TIME

3

Over 70% of bat species have a diet of insects – the common brown bat can eat up to how many mosquitoes in hour?

- A. 300
- B. 600
- C. 1000
- D. 1600

6

Brandt's bat is thought to be the longest living bat species and mammal of its size – how old was the oldest recorded specimen?

Hint: by mass and size it should only live up to five years.

- A. 14 years
- B. 23 years
- C. 32 years
- D. 41 years

9

The golden-crowned flying fox is classed as the largest bat in the world – their wingspan can stretch up to how wide?

- A. 1m (3ft)
- B. 1.3m (4ft)
- C. 1.7m (6ft)
- D. 2.2m (7ft)

1

TRUE OR FALSE?

Frog-eating bats can differentiate between edible and poisonous frogs by their mating calls?

4

On average, how many young does a bat have a year?

- A. 1
- B. 4
- C. 8
- D. 10

7

The Brazilian free-tailed bat is one of the fastest mammals in the world; up to what speed have they been recorded flying?

- A. 110km/h (68m/h)
- B. 160 km/h (99m/h)
- C. 200 km/h (124m/h)
- D. 250 km/h (155m/h)

10

The scientific order for bats is 'Chiroptera', which is derived from two Ancient Greek words 'Cheir and Pteon' - What do these words translate to?

- A. Night Predator
- B. Hand Wings
- C. Night Flyer
- D. Skin Wings
